PREFACE

During the years 1895–1899 an alphabetical list of Wisconsin Volunteers was prepared in the office of the Adjutant General, and has been in almost daily use therein since it was completed, until worn to such an extent that a new copy is necessary. The difference between the cost of making a new copy as the original was made for use in the office of the Adjutant General, or using the original for a copy for the printer and to print a sufficient number of copies to supply each public library of the state, was so comparatively small when considered in reference to the public convenience to be served, that it was deemed wisest to print a small edition for an index for the use of each library, and accordingly this edition was ordered printed. The proof reading was done by the officials of the State Printing Board.

CHARLES E. ESTABROOK,
Chairman History Commission.
DUNCAN MCGREGOR,
Private Secretary to the Governor.
ORLANDO HOLWAY,
The Adjutant General.
